## BEST PRACTICE I

### TITLE: Career Advisory and Augmentation Service (CAAS)

#### Objective:

Avanathi Institute of Technology has a dedicated “career guidance ,Training & placement Cell” the main objective of which is to groom the students to excel in the competitive world and to enhance their overall technical skills and maintain good placement record. This cell continuously strives to help students in pursuing their career goals by acquiring employment-seeking skills and ultimately to attain desired employment. This is accomplished through building a strong partnership amongst students, alumni, faculty-members and industries. The “Career Advisory and Augmentation Service (CAAS)” is a division running under career guidance, training & Placement cell that boosts the technical skill, communication assessment, language skills of the students. CAAS organizes programs and sessions to brush up the logical, analytical and verbal skills of the students and train them to secure placements in best industries. Career guidance begins with an assessment of an individual’s skills, interests, and strengths. This information is then used to identify potential career paths that may be a good fit.

#### Context:

As the global economy becomes increasingly competitive, it is more important than ever for students to make informed decisions about their careers specially with the rise of overseas education opportunities. While studying abroad provides students with a wealth of opportunities to learn, to grow, and explore new career paths, it can also be a confusing and overwhelming experience, especially for students who are unsure about what they want to do with their lives. Career guidance can help students understand their strengths, weaknesses, and interests, and provide them with a clearer picture of the career paths available to them. Our management being not new to this aspect of success has appointed focus on the training of the students for placement from the first year onwards. Within a short period, a career guidance & placement cell has been established with an experience placement officer and a team. Since then the placement process of the college has taken a step towards successful placement of students. They provide information about various occupations, such as job requirements, growth potential, and earning potential.

---

## **The Practice:**

The placement and career guidance cell consists of distinguished departments which will be dealing with both technical and non technical practices. The technical team will be dealing with recent trends in the automated world of various digital platforms. The domains in the technical aspects are based on different programming languages as well as testing tools in various departments of information technology. Some of the languages are problem solving using c, python programming , java script and automation testing tools like SQL, testimonials etc... The non technical team will be dealing with the proper projection of knowledge inside the ignited minds; the team will be supporting the students in improving their personal and mental capabilities and build confidence to survive in the competitive world. Improving soft skills of the students by focusing on their vocabulary, error detection, resume building, participation in group discussions, JAM sessions etc.. The team also deals in improving the arithmetic ability of the students like aptitude, reasoning and logical thinking.

The students of our college are provided with guidance and training right from the first year to make them future ready. The orientation sessions are conducted as a part of curriculum by the external industry experts along with training professionals of the college. The sessions are conducted every year for a continuous fifteen days along with regular class work for all engineering disciplines. Students have the feasibility to chose their passionate path and combine their academic knowledge with the training and guidance provided by the career guidance and placement cell as the prerequisite for their successful career.

## **PROBLEMS ENCOUNTERED:**

- Communication is the first challenge encountered by the students coming from rural background which has to be overcome as it is vital for any placement.
- In spite of being good in academics, some students are unaware of the latest technologies and practices used by the present society.
- There is a lack of awareness and information in both parents and students about the various career options available to them

## **RESOURCES REQUIRED:**

- Hands on practice along with shaping the students on the basis of job description which can be done before the day of campus recruitment drive.
- Establishment of full fledged career counseling team with dedicated labs and classrooms and more number of expert trainers.

## Report on Motivational Session By Dr.Y.Verendranath

<b>Name of the Program</b>	:	Motivational session
<b>Date</b>	:	20/10/2020
<b>Timings</b>	:	11 A.M
<b>Resource person</b>	:	Dr.Y.Verendranath, Novel writer and famous motivator
<b>No of participants</b>	:	250 Students

### Outcome:

An enormous and profuse response has obtained from students of all the branches related to Engineering, The students actively participated and utilized the opportunity of gaining the necessary knowledge and skills related to personality development. Students actively took part and made the one day program cherishable. The event is highlighted by the honourable presence of the acclaimed novelist, writer, director and personality development trainer Dr.Yandamoori Veeredranath. He inspired the students by his proceedings and made them feel free to express their feelings among the crowd.

## Report on Importance of English Communication

<b>Name of the Programme</b>	:	Communication skills
<b>Date</b>	:	10/11/20
<b>Timings</b>	:	9.30 am to 3.30pm
<b>Resource person</b>	:	Smt. R.SUBHA LAKSHMI, Assistant Professor, Dept of English, AIET
<b>No of participants</b>	:	120

The program is to make the students to use their communication skills in order to give an impressive output. Mrs. R. SubhaLakshmi , Asst. professor in English , delivered an outstanding hands-on-hands approach training throughout the programme to show what is importance of communication.

### Topic: English communication

#### Outcome:

1. Students identify strategies for defining words from context and also for retaining new words in a working vocabulary
2. Students will be able to find relations among the words and be able to use them in different situations
3. Students will be able to scan for specific information from the text in less time
4. Students can develop creativity and imagination and use their cognitive abilities

## Report on Art Of Mind Control

Name of the programme	:	Motivation & career guidance
Date	:	10/02/21
Timings	:	9.30 am to 3.30pm
Resource person	:	Shyama Madhava Dasa, Akshara Foundation.
No of participants	:	374

The program is to make the students to use their creativity in order to give an impressive output. Shyama Madhava Dasa , Akshara Foundation Visakhapatnam, delivered an outstanding hands-on-hands approach training throughout the programme to show what is art of mind control. The dynamic guru, who is loved by the youth for his camps and inspirational sessions, engaged the students in a refreshing and educative session. His simple words coupled with audio-visual inputs threw new light on the meanings of 'success' and 'education' for the young listeners. In a light-hearted manner, Students were called on stage for some fun learning practical exercises. Besides, he discussed the importance of positive thinking and attitude which brings optimism in life. No wonder, his engagement with the excited students was thrilling and power-packed. Through jokes, experience sharing and activities, he could hold the students spellbound and deeply involved. He demonstrated simple approaches towards 'simplifying' life and managing the unnecessary stress even students are so very prone to these days. Moreover, shared his personal experiences of how to love nature and be a part of it.

**Topic : Art of mind control**

**Outcome:** Students participated in the program with involvement they could get an idea about innovative nature and will be able to apply it in their career and in achieving job.

## ONLINE AWARENESS ON COVID PRECAUTIONS

Avanthi Engineering College conducted online awareness program on 15/09/20 to all the students, staff and non teaching staff. one of the most effective preventive corona virus tips can be practicing social distancing. You must maintain a distance of at least 1metre from people who have issues of cough or sneezing. Because of the cough, or sneezing, the virus may get transmitted through droplets via mouth or nose. There are 50 students participated

In this online training the students understand some of the precautions.

### Example, washing hands properly with the following steps.

1. Wet hands with safe running water
2. Apply enough soap to cover wet hands
3. Scrub all surfaces of the hands -including backs of hands, between fingers and under nails-for atleast 20 secs
4. Rinse thoroughly with running water
5. Dry hands with clean, dry cloth, single -use towel or hand drier as available

## Case study of outcome of the practice:

The initiatives taken towards placements have shown noticeable increase in the number of students placed, offers, companies visited, internships and pay packages.

The following companies visited the campus for the Academic year 2020-21 and the details of placements are given below.

1. Deloitte
2. Turning Minds
3. HP
4. Aptroid
5. Iopex
6. TCS
7. Capgemini
8. Accenture
9. Virtusa
10. HCL
11. IBM
12. Cognizant
13. Efftronics
14. Win wire
15. Fixity
16. Fluent Grid
17. Poornam Infovision
18. Mold –Tech
19. Tcs
20. Syntel
21. Cadsys
22. Wipro
23. Infosys
24. Mind Tree
