BEST PRACTICE I

TITLE: Career Advisory and Augmentation Service (CAAS)

Objective

Avanathi Institute of Engineering and Technology has a dedicated “Career Guidance, Training & Placement Cell” which was initiated in the year 2018 and is being upgraded every year as per the technological advances and industry requirements. The main objective of the cell is to groom the students to excel in the competitive world and to enhance their overall technical skills and maintain good placement record. This cell continuously strives to help students in pursuing their career goals by acquiring employment seeking skills and ultimately to attain desired employment. This is accomplished through building a strong partnership amongst students, alumni, faculty-members and industries. The “Career Advisory and Augmentation Service (CAAS)” is a division running under Career Guidance, Training & Placement cell that boosts the technical skill, communication assessment, language skills of the students. CAAS organizes programs and sessions to brush up the logical, analytical and verbal skills of the students and train them to secure placements in best industries. Career guidance begins with an assessment of an individual’s skills, interests, and strengths. This information is then used to identify potential career paths that may be a good fit.

Context

As the global economy becomes increasingly competitive, it is more important than ever for students to make informed decisions about their careers specially with the rise of Overseas education opportunities. While studying abroad provides students with a wealth of opportunities to learn, to grow, and explore new career paths, it can also be a confusing and overwhelming experience, especially for students who are unsure about what they want to do with their lives. Career guidance can help students understand their strengths, weaknesses, and interests, and provide them with a clearer picture of the career paths available to them. Our management being not new to this aspect of success has focussed on the training of the students for placement from the first year onwards. Within a short period, a Career Guidance, Training & Placement cell has been established with an experienced placement officer and a dedicated team. Since then the placement process of the college has taken a step towards successful placement of students. They provide information about various occupations, such as job requirements, growth potential, and earning potential.

The Practice

The Career guidance, Training & Placement cell consists of distinguished departments which will be dealing with both technical and non technical practices. The technical team will be dealing with recent trends in the automated world of various digital platforms. The domains in the technical aspects are based on different programming languages as well as testing tools in various departments of information technology. Some of the languages are problem solving using C, Python programming , Java script and Automation testing tools like SQL, testimonials etc. The non-technical team will be dealing with the proper projection of knowledge inside the ignited minds, the team will be supporting the students in improving their personal and mental capabilities and build confidence to survive in the competitive world. Improving soft skills of the students by focusing on their vocabulary, error detection, resume building, participation in group discussions, JAM sessions etc. The team also deals in improving the arithmetic ability of the students like aptitude, reasoning and logical thinking.

The students of our college are provided with guidance and training right from the first year to make them future ready. The orientation sessions are conducted as a part of curriculum by the external industry experts along with training professionals of the college. The sessions are conducted every year for a continuous fifteen days along with regular class work for all Engineering disciplines. Students have the feasibility to chose their passionate path and combine their academic knowledge with the training and guidance provided by the Career guidance and Placement cell as the prerequisite for their successful career.

PROBLEMS ENCOUNTERED:

- Communication is the first challenge encountered by the students hailing from a rural background which has to be overcome as it is vital for any placement.
- In spite of being good at academics, some students are unaware of the latest technologies and practices of the job market and industry.
- There is a lack of awareness and information among both parents and students about the various career options available to them.
- It is a difficult task to make the students speak confidently in front of a large group and face the interviews.

RESOURCES REQUIRED:

- The continuous updating of the “Career guidance, Training & Placement cell” is necessary to help the students get through the actual recruitment process.

Name of the program : Interview skills
Date : 27/07/21
Time : 10.00 A.M. to 1.00 P.M.
Venue : CSE LAB-1
Resource Person : Mrs.K.Rajini & Mrs D.Krishna Veni,AIET.
Number of participants : 115 students

In order to enhance the communication skills of the students and to make them ready for their career opportunities, a one day Skill Enhancement Program on 'Improving interview skills' is being organized by the in-house team on 27/07/21 for the students of B.Tech III year.

The thrust areas:

1. Verbal Ability
2. Vocabulary
3. Interview Skills

Outcome of the Program:

1. At the end of the program, students were able to learn about the self-preparation, research, logistical planning that should be done before the interview.
2. Introducing themselves, presenting their qualifications, listening and asking questions during the interview.
3. Following up with the interviewer reflecting on the interview and refining the methods after the interview.

Report on "Aptitude Training"

Name of the program	:	Aptitude training
Date	:	06-10-2021 to 03-11-2021
Timings	:	9.30 A.M-12.00 Noon
Resource person	:	Mr. R. Ramana Murthy, Trainer, Byte XL Academy
No of participants	:	390 students

The program is intended to educate the students about the importance of aptitude skills in their career and train them. Mr. R. Ramana Murthy ,Byte XL Academy has done a wonderful job in order to improve the mathematical, analytical and logical skills of the students.

Topic: Aptitude Training

Outcome: Aptitude testing can help identify an individual's vocational strengths and weaknesses in specific areas which can help them succeed in a particular job or career. It can also help identify an individual's level of intelligence, which can help them learn more effectively and achieve their goals. The training program emphasized on that and also conducted tests so that the students can identify and improve their level of solving aptitude problems.

REPORT

Name of the program	:	Career Counseling Session
Date	:	16-04-2022
Timings	:	10.00 am to 1.00 pm
Resource person	:	Dr. P.V. Murali, Career Counselor, ACE Academy
No of participants	:	390

A Career Counseling Session was organized for the students of IV B.Tech of Avanathi Institute of Engineering and Technology. During the session, the speaker Mr. P.V. Murali, Career counselor conducted a Career Guidance program on 16.4.2022 for educating the students and to help them understand about themselves first in terms of their interests and abilities and what do they expect from their education and career. He advised them to be organized and make appropriate decisions while choosing the career. The speaker also told students to identify the factors which influence their career choices and act accordingly. The speaker educated the students about the career opportunities available for them in Government and Private sector for all the branches of Engineering and has quoted that all branches are ever green and it is not the branch but it is one's passion and interest that really matters. He suggested them to have a goal in life and take an appropriate step and to be determined to achieve the goal. He even conveyed to the students about Higher education opportunities and the importance of GRE, TOFEL and IELTS examination to get admission into reputed universities in US, Canada, Australia, Germany, UK, etc. Students benefitted tremendously from this session and their engagement with the speaker proved to be an excellent platform to make strong and intelligent decisions for their careers.

Outcome of CAAS :

I. Placements:

The initiatives taken towards placements have shown noticeable increase in the number of students placed, offers, companies visited, internships and pay packages. Below are the details.

Academic year	Eligible Students	Students Placed	% of Students Placed	No of Companies Visited	Highest CTC (Lakhs)	AvgCTC (Lakhs)
2014-2018	424	243	57.31	26	4.12lakhs	3 lakhs
2015-2019	495	269	54.34	26	4.5lakhs	3 lakhs
2016-2020	370	277	74.86	36	4.5lakhs	3 lakhs
2017-2021	398	264	66.32	39	7lakhs	4.5lakhs
2018-2022	392	280	71.42	42	6.5lakhs	4.5lakhs
