BEST PRACTICE I

TITLE: Career Advisory and Augmentation Service (CAAS)

Objective

Avanathi Institute of Engineering and Technology has a dedicated "Career Guidance, Training & Placement Cell", which was initiated in the year 2018, and is being upgraded every year, as per the technological advances and industry requirements. The main objective of the cell is to groom the students to excel in the competitive world and to enhance their overall technical skills in order to maintain good placement record. This cell continuously strives to help students in pursuing their career goals by acquiring employability skills and to ultimately attain the desired employment. This feat is accomplished through building a strong partnership among students, alumni, faculty-members and industries. The "Career Advisory and Augmentation Service (CAAS)" is a division operating under the Career Guidance, Training & Placement cell, which develops the technical skills, communication skills, and language skills of the students. CAAS organizes programs and sessions to brush up the logical, analytical and verbal skills of the students and train them to secure placements in reputed industries. Career guidance begins with an assessment of an individual's skills, interests, and strengths. This information is then used to identify potential career paths that may be a good fit for the student.

Context

As the global economy is becoming increasingly competitive, it is more important than ever for students to make informed decisions about their careers, especially in view of the rising overseas education opportunities. While studying abroad provides students with a wealth of opportunities to learn, to grow, and explore new career paths, it can also be a confusing and overwhelming experience, especially for students who are unsure about what they want to do with their lives. Career guidance can help students understand their strengths, weaknesses, and interests, and provide them with a clearer picture of the career paths available to them. Our management, which is well-experienced in this regard, has focussed on the training of the students for placement from the first year onwards. Within a short period, a Career Guidance, Training & Placement cell has been established with an experienced placement officer and a dedicated team. Since then, the placement process of the college has taken a step towards the successful placement of students. It provides information and assistance about various occupations, such as job requirements, growth potential, and career potential.

The Practice

The Career guidance, Training & Placement cell consists of various departments which deal with both technical and non technical skills. The technical team deals with recent trends in the world of automation and digital literacy. The domains in the technical aspects are based on different programming languages as well as testing tools in various departments of information technology. Some of the languages are problem solving using C, Python programming, Java script and Automation testing tools like SQL, testimonials etc. The non-technical team deals with the focused acquisition of knowledge by students, the team supports the students in improving their personal and mental capabilities and build confidence to survive in a competitive world. Improving soft skills of the students by focusing on their vocabulary, error detection, resume building, participation in group discussions, JAM sessions etc., form a part of the training process. The team also deals with improving the arithmetic ability of the students like aptitude, reasoning and logical thinking.

The students of our college are provided with guidance and training right from the first year to make them future ready. The orientation sessions are conducted as a part of curriculum development by the external industry experts along with training professionals of the college. The sessions are conducted every year for a continuous fifteen days along with regular class work for all Engineering disciplines. Students have the feasibility to chose their passionate path and combine their academic knowledge with the training and guidance provided by the Career guidance and Placement cell, as the prerequisite for their successful career.

PROBLEMS ENCOUNTERED:

- Communication is the first challenge encountered by the students hailing from a rural background, which has to be overcome, as it is vital for securing any placement.
- In spite of being good at academics, some students are unaware of the latest technologies and practices of the job market and industry.
- There is a lack of awareness and information among both parents and students about the various career options available to them.
- It is a difficult task to make the students speak confidently in front of a large group and face the interviews.
- The attitude of most of the students is not positive enough as they are impatient, distracted and unobliging.

NAAC "B++" Accredited Institute

Cherukupally (Village), Near Tagarapuvalasa Bridge, Vizianagaram (Dist) -531162.

www.aietta.ac.in, principal@aietta.ac.in

RESOURCES REQUIRED:

- The continuous updating of the "Career guidance, Training & Placement cell" is necessary to help the students get through the actual recruitment process.
- To recruit more number of experts for the "Career guidance, Training & placement cell" and make the cell as a Resource Center for widening the job prospects of students.
- All the faculty members need to involve themselves in motivating the students to help them improve their overall performance.
- The parents need to monitor the academic performance and the behavior of their wards to complement the efforts of the Career Guidance, Training & Placement Cell.

REPORT

In order to enhance the communication skills of the students, a three day skill enhancement program on "Communicative English" was organized by the department of English, from 02 August 2022 to 04 August 2022 for the students of B tech II year. The program aims at filling the gaps in communication by imparting the knowledge of Vocabulary, Reading and Conversational Skills to the students.

Number of students participated	: 348
Resource Person	: Mr.Seshadri Saroj, Senior Trainer, Talent Scope Academy
Date	: 02/08/22 to 04/08/22
Time	: 9.30 AM to 12.30 PM & 1.30 PM to 4.30 PM

Outcome of the program:

- Students will be able to identify strategies for defining words from context and also for retaining new words in a working vocabulary.
- Students will be able to find relation among the words and be able to use them in different situations.
- Students will be able to scan for specific information from the text in less time.
- Students will develop creativity and imagination and use their cognitive abilities.
- Students will be able to shed their inhibitions and communicate confidently after attending the program.
- Students will be able to use a better diction while communicating and be more communicative after the program.

REPORT

In order to enhance the Communication Skills of the students and to make them ready for their Career opportunities, A One Day Self Introduction Program is organized by the Career Guidance, Training & Placement cell on 27/08/22 for the students of B.Tech III year.

Name of the program	:	SELF INTRODUCTION
Date	:	27/08/2022
Timings	:	10 AM to 4 PM
Resource person	:	Dr. M. swaroopa rani, Associate Professor of English, AIET.
No of participants	:	65

About the Event:

An activity on self introduction is conducted to help the students build self awareness which is also one of the HR interview questions. All the 65 students actively participated in the program. The students can learn how to interact with each other by using appropriate tenses for different situations. It will also enable them to identify errors in sentences. It will also equip them with the knowledge to write correct sentences. Also, Dr.Swaroopa Rani, Associate Professor of English, discussed the following tips about Self-Introduction:

- Dress Appropriately
- Prepare What To Say
- Begin by Greeting the Interviewer
- Include Your Educational Qualifications
- Elaborate on Professional Experience (if any)
- Mention Your Hobbies And Interests
- Be Prepared For Follow Up Questions

REPORT

In order to enhance the communication skills of the students and to make them ready for their Interviews, A One Day Skill Enhancement Program on "IMPROVING INTERVIEW SKILLS" is organized by the Career Guidance, Training & Placement cell on 08/10/22 for the students of B.Tech IVth year.

Number of the students participated	: 70
Name of the Resource person	: Mrs.R.Hemalatha, Associate Professor, AIET.
Date	: 08/10/22
Time	: 10.00 A.M to 1.00 P.M.
Venue	: Placement cell

The Resource person Mrs.R.Hemalatha delivered some important tips to Improving Interview Skills of the students and conducted Mock Interviews to provide them with a feel of the actual recruitment process. The points discussed were:

- Know Yourself And The Employer.
- Practice before-hand.
- Sell Yourself.
- Dress for the Occasion.
- Remember to Focus on Listening.
- Have ready made Questions to Ask.
- Thank Your Interviewer.

Outcome of the Program:

- The Students learned how to demonstrate confidence by standing straight, making eye contact, connecting with a firm handshake and to create a first non verbal impression.
- The students learned how important it is to dress appropriately and to be well groomed to face an Interview.
- They learned about the attitude to be maintained while balancing confidence, professionalism and modesty without being over confident.
- The students grasped how to remain cool, calm and confident without appearing too desperate to get the job.

REPORT

Name of the program	: Group Discussion
Date	: 05/12/22
Timings	: 2.30 P.M -5.00.P.M
Resource Person	: Mr.P.Venu Madhav, Assistant Professor, AIET.
No of participants	: 30
Topic	: "Is India Ready for a Cashless Economy"

The discussion was fruitful; the session was energetic and generated a lot of interest. There were three groups which participated in the discussion. The first group was in favor of the topic 'India is ready for a cashless economy'; the second group was against it; and the third one was neutral.

The aim of this group discussion was to develop the confidence, communication skills, leadership quality and thinking capacity of the students. The points discussed in favour of the topic were like: restricts fake currency issues, an economy booster, cost reduction strategy, risk reduction, increasing the tax base, reduced corruption & promotes transparency in the transaction and the points against it were like : concerns of uneducated people, limitations of internet connectivity, fear of hacking and cyber security.

Overall, the discussion was positive, because each one of them came up with good information on the topic and everyone listened with utmost interest when other members were sharing their ideas. Speaking in the group discussion boosts the self-confidence of the students.

REPORT

A Training session on Aptitude was conducted for IV B.tech students of CIVIL, EEE, MECH, ECE and CSE. Students acquire knowledge to solve different quantability questions in the competitive examinations. Aptitude skills allow students to develop qualities such as enhanced perception, understanding and solving complicated questions, empathy and logical reasoning.

Name of the program	: Aptitude Training
Date	: 12-09-2022 to 24-09-2022
Timings	: 9.30 AM-12.00 PM
Resource Person 1	: Mr.Aravind, Trainer, New leaf academy
Resource Person 2	: Mr.D.Rajendra Prasad, Trainer, New Leaf Academy
Resource Person 3	: Mr.Tamil Selvan, Technical Trainer, New Leaf Academy
No of participants	: 512

The program is intended to educate the students about the importance of aptitude skills in their career and train them. New Leaf Academy has done a wonderful job in order to improve the mathematical, analytical and logical skills of the students.

- To encourage the all round development of students by focusing on aptitude skills
- To perform better during campus recruitment and various exams they face in their career
- To enhance problem solving skills, to improve basic mathematical skills and to help students who are preparing for any type of competitive examination.

Topics : Mixture & Allegation Bankers, Discount Chain Rule ,Decimal Fractions ,Logarithms, Percentage Problems on Ages, Profit & Loss, Simple Interest, Time & Distance ,Volume and Surface Area, Progression Surds & Indices ,Partnerships, Compound Interest, Pipes & Cisterns

Outcome: Aptitude testing can help identify an individual's vocational strengths and weaknesses in specific areas which can help them succeed in a particular job or career. It can also help identify an individual's level of intelligence, which can help them learn more effectively, and achieve their goals. The training program emphasized on that and also conducted tests so that the students can identify and improve their level of solving aptitude problems.

- The students have the opportunity to exhibit their skills in an aptitude test

REPORT

A Training session on Aptitude was conducted for III B.tech students of EEE, MECH, ECE, CSE, CSD and CSM. To acquire knowledge and solve different quantability questions in the competitive examinations. Aptitude skills allow students to develop qualities such as perception, understanding and solving complicated questions, empathy and logical reasoning

Name of the program	:	Aptitude Training
Date	:	31/10/2022 to 17/11/22
Timings	:	9.30 AM -12.00 PM
Resource Person 1	:	J.Raja Sudheer, Trainer, IGURUKUL Academy
Resource Person 2	:	Mr.Ch.Srinivas, Trainer, IGURUKUL Academy
Resource Person 3	:	Mr.T.Srinivasa Kumar, IGURUKUL Academy
No of participants	:	571

The program is intended to educate the students about the importance of Aptitude Skills in their career and life. IGURUKUL Training Academy provided an effective training session to improve their Aptitude skills and also conducted tests for students in order to assess their level of problem solving ability.

Topics covered:

Profit & Loss ,Races & Games of Skills, Ratio & Proportion, Simple Interest ,Simplification, Stock & Shares, Time & Distance, Time & Work, True Discount ,Volume and Surface Area, Height & Distance, Logarithm, Progression , Geometry & Mensuration ,Sets & Union.

Outcome: The Quantitative Reasoning course is organized around mathematical and statistical concepts. The course's nontraditional treatment of content will help students develop conceptual understanding by supporting them in making connections between concepts and applying previously learned material to new contexts. The course will help to prepare students for success in future courses, gain skills for the workplace and participate as productive citizens in our society. The students will be able to demonstrate procedural fluency with real number arithmetic operations and use those operations to represent real world scenarios and to solve stated problems.

REPORT

In order to enhance the communication skills, Aptitude and reasoning abilities of the students and to make them ready for their career opportunities, a Two-week Skill Enhancement Program is organized by AIET through "Talent Scope team" from 01/05/2023 to 13/05/2023 for the students of B.Tech I year.

Name of the program	: Skill Enhancement Program
Date	: 01/05/2023 to 13/05/2023
Time	: 10:30 A.M. to 4:20 P.M.
Resource Person 1	: Mr. A. RaghuRam, Soft skills Trainer, Talent Scope Academy,Hyd.
Resource Person 2	: Mr. O. RamaKrishna, Verbal Trainer, Talent Scope Academy,Hyd.
Resource Person 3	: Mr. B. Srinivas, Aptitude Trainer, Talent Scope Academy,IHyd.
Resource Person 4	: Mr. S. Nagarjuna, Aptitude Trainer, Talent Scope Academy,Hyd.
Number of participants	: 507 students

Topics Covered: Vocabulary building, English Writing Skills, Mixture & Allegation, Bankers, Discount, Chain Rule, Decimal Fractions, Logarithms, Percentage Problems on Ages, Profit & Loss, Simple Interest, Time & Distance, Volume and Surface Area, Progression, Surds & Indices, Partnerships, Compound Interest, Pipes & Cisterns.

Outcome of the Program:

- Students will be able to enlarge their vocabulary by keeping a vocabulary journal and strengthen their ability to write academic papers, essays and summaries using the process approach. Students will improve their speaking ability in English both in terms of fluency and comprehensibility.
- The sole objective of imparting aptitude training is to make students able to critically evaluate various real-life situations by resorting to an analysis of key issues and factors. This Aptitude Training helps them to demonstrate various principles involved in solving mathematical problems and thereby reducing the time taken for performing job functions.
- Students will be able to understand how to use their logical thinking and analytical abilities to solve reasoning and puzzle related questions from company specific and other competitive test.

Name of the program	: Java Training program
Date	: 18/04/23 to 21/04/23
Timings	: 9.30 A.M-12.00 P.M
Name of the Agency involved	: Mr. K.Dalayya, Technical Trainer, Talent Scope Academy
No of participants	: 347

A training session on JAVA programming was conducted for II B.tech students of ECE, CSE. Students acquired knowledge to solve different logical programs. Java is a distributed language as it provides a mechanism for sharing data and programs among multiple computers that improve the performance and efficiency of the system. The RMI (Remote Method Invocation) is something that supports the distributed processing in Java. Moreover, Java also supports Socket Programming and the CORBA technology that helps us to share objects in a distributed environment. Java is easy to learn. Java was designed to be easy to use and is therefore easy to write, compile, debug, and learn compared to other programming languages. Java is object-oriented. This allows you to create modular programs and reusable code. Java is platform-independent.

Syllabus covered: Introduction to java, java buzzword, data types, dynamic initialization, scope and life time, operators, control statements, arrays, type conversion and casting, finals & blank finals. Classes and Objects: Concepts, methods, constructors, usage of static, access control, this key word, garbage collection, overloading, parameter passing mechanisms, nested classes and inner classes. Inheritance: Basic concepts, access specifiers, usage of super key word, method overriding, final methods and classes, abstract classes, dynamic method dispatch, Object class

Outcome: At the end of the program, students were able to

- Use the syntax and semantics of java programming language and basic concepts of OOP.
- Develop reusable programs using the concepts of inheritance, polymorphism, interfaces and packages.
- Apply the concepts of Multithreading and Exception handling to develop efficient and error free codes.
- Design event driven GUI and web related applications which mimic the real word scenarios.

Name of the program	: PYTHON
Date	: 07/11/22 to 10/11/22
Timings	: 9.30 A.M-12.00 P.M
Name of the Agency involved	: Mrs.K.Hemavathi, Technical Trainer, Talent Scope Academy
No of participants	: 284

A Training session on PYTHON by Mrs.K.Hemavathi was conducted for III B.tech students of ECE, CSE. CSM, CSD, for Students to acquire knowledge and solve different logical programs in the Technical Interviews. Python is a process of handling complexity by hiding unnecessary information from the user. This is one of the core concepts of object-oriented programming (OOP) languages.

Objectives:

- To encourage the all round development of students by focusing on programming skills
- To perform better during campus recruitment and various exams they face in their career.

Topics Covered:

- Basics of Object Oriented Programming
- .Creating Class and Object Constructors in Python.
- Parameterized and Non-parameterized Inheritance in Python.

Name of the program	:	A Session on GATE Orientation -2023
Date	:	28-04-2023
Timings	:	10.00 A.M.-12.00 P.M. & 2.00P.M. - 4.00 P.M.
Resource person	:	Mr. M. Siddhartha, ACE Academy
No of participants	:	512

A Session on GATE orientation is conducted for IV year students to prepare them plan for upcoming exam qualifying which is quite essential to pursue higher Studies and to secure jobs on PSU's etc.

Resource person Mr. M. Siddhartha from ACE Academy has carried out the session in a lively manner by handling the student queries in an effective way.

Content Covered:

- Overview of GATE exam and paper patterns.
- Last 10 year statistics of GATE exam like Total candidate and passing percentage.
- GATE Score required for seven IITs and NITs.
- Validity of GATE for various PSUs.
- Validity of GATE scores to pursue higher education in management like NITIE.
- Outcomes of the Program:
- The Students were made aware of the importance of GATE exam.
- GATE Score required pursuing Higher education in Premiere Institutions.
- Understanding subject weightage and to plan accordingly to carry out focused study.

Timings	:	10.00 A.M. -12.00 Noon
Resource person	:	MD. Sahuudin, Senior Technical Specialist, HCL Chennai
No of participants	:	53

The development of new practice models in computer control systems is the main responsibility of electrical engineers. Due to the global dependence on power systems, there is a demand for qualified electrical engineers to achieve economies of scale and improve the reliability of technical operations. MD. Sahuudin stated that the Career Opportunities for Electrical and electronics engineers are massive in IT and Telecom fields as the subjects taught to them in graduation have practical usefulness in the work environment. Various manufacturing industries are looking for talented electrical and electronics engineers who are adept at system management, feedback control systems, and defence and space command development organizations.

Career Guidance, Training & Placement Committee Conducted a One day Seminar on "Step towards Business" for MBA II year. Students interacted with Mr. k. Krishna Mohan, Manager, United India Insurance Company Limited. The Resource Person, Mr. Krishna Mohan, stated that most of the entrepreneurs quit early in the process because they believe that they don't have the necessary skills to make the business a success. He stated that the failure of any business person is due to the lack of determination, patience and ability to effectively plan their business. Students interacted with the speaker and got their doubts clarified at the end of the seminar.

Career Guidance, Training & Placement Cell Conducted a One day Program on Orientation on Career Path Finder for B.Tech first year students by Mr.Satish Valveti, CEO, Aspring Minds. Currently, Students have a lot of options and a combination of careers that can create great confusion in choosing any particular career. The career path finder program can help students gain self-awareness about their talents, interests, values, and passion to determine their future goals. The program also helps students in developing personalized study plans for their years of graduation. Mr.Satish Valveti helped them build an educational plan and support for university interviews and applications. Mr.Satish Valveti lectured on how to gain an understanding of your interests, abilities, aptitudes and strength to develop an individual inventory of valuable career development skills.
